FEDERAL LEGAL PUBLICATIONS

INDEX TO THE ANTITRUST BULLETIN

Volume XIV (1969)

NOTE: This index to Volume XIV of *The Antitrust Bulletin* is designed to be compatible with the *Index to The Antitrust Bulletin: Volumes I-XI (1955-1966)*, which was published in 1967 by Federal Legal Publications, to the Index to Volume XII, which was published in the Spring 1968 issue of *The Antitrust Bulletin*, and to the Index to Volume XIII, which was published in the Spring 1969 issue of *The Antitrust Bulletin*. The user of the present index should see the Foreword to the index of the first eleven volumes where the scope and contents of the separate indexes are explained. The only substantial change in the indexes to volumes XII, XIII, and XIV is the addition of the Index to Symposia, which lists in chronological order the contributions to the several symposia published in *The Antitrust Bulletin* between 1967 and 1969.

The editors are indebted to Janet H. Burton, who here continues the work she began in the Index to Volumes I-XI. She in turn is indebted to her assistant, John F. Burton, Jr., who is primarily responsible for the Index to Subjects.

THE HISTORY OF THE UNITED STATES

OF AMERICA

The history of the United States is a story of the growth of a great nation from a small colony of English settlers. The first settlers came to America in 1492, and the first permanent settlement was founded in 1607. The United States was declared independent in 1776, and the Constitution was adopted in 1787. The country has since grown in size and power, and has become one of the most important nations in the world.

General Note

The following table shows the results of the experiments conducted on the effect of the concentration of the solution on the rate of reaction. The rate of reaction was measured by the volume of gas evolved per unit time.

Table of Results

Concentration of Solution (M)	Rate of Reaction (ml. gas / min.)
0.1	1.2
0.2	2.4
0.3	3.6
0.4	4.8
